Subject: RE: Planning for Tuesday's CSM meeting
Date: 04/13/2006 09:10 AM

Chip let me know that you all did some good thinking/planning for next Tuesday's meeting in yesterday's PH managers meeting. He also told me that "Rick had the notes" from yesterday's meeting, so Rick - if you and I can connect sometime today to develop a draft agenda for Tuesday, all of us shouldn't need to meet as a group to talk it over.

Rick - I'm available much of the day today. Just let me know when works best for you. We can talk on the phone or meet in person, whichever you'd prefer.

Thanks,
Mikell

Thanks, Bob and Rick. It sounds like a conference call at either 11:30 or noon is our best option.

Chip, Eric and Jim - Let us know if this might work for you. Thanks.

Call for me works the best; after 11am and before 1pm when I get on the plane. Thanks.

Hi Mikell, thanks very much for the follow up. Other than a meeting I have from 10:00 to 11:00 - 11:30 tomorrow my schedule is flexible. Either in person or a call would be fine for me. The LWG can make the same conference line we used for our last call available again.

Bob

Subject: Planning for Tuesday's CSM meeting

Hi all,

I'd like to schedule a time for us to talk (in person or by phone) about what we hope to achieve in next Tuesday's CSM meeting, and the process we'll use to get there. Based on yesterday's discussion, it sounds like our goal for Tuesday is to determine whether we (EPA/partners and LWG) share a common vision for the CSM, and if not, to identify what we need to do to align our thinking and resolve any issues. My understanding is that the basis for Tuesday's discussion will be (1) the LWG's outline of the CSM (due today or tomorrow), which will lay out the LWG's vision, and (2) a list of questions or suggestions from EPA/partners (also due today or tomorrow) that lays out our vision.

Please let me know your availability for meeting tomorrow, anytime between 8:00 a.m and 3:00 p.m., and whether you'd prefer an in-person meeting or call. We shouldn't need more than 30 or 45 minutes.

Thanks,
Mikell
